Languages – English, French

### Internship in Java with 5 years of experience in development

#### EDUCATION

##### Master of Science in Data Science and Analytics

Ecole pour l'informatique et les techniques avancées

EPITA, France

Sep 2018 - Mar 2020

- French language, completed A2 level
- Recommendation system to predict user's preference of a movie through neural networks using keras library
- Black Friday Data optimization using various types of gradient descents like linear, mini batch and stochastic gradient descent Analysis through visual representation of statistical data using Seaborn library

##### Bachelor of Engineering in Information Science

JSSATE, India

Jun 2002 - Apr 2006

#### WORK EXPERIENCE

**EVRY India Private  
Limited,  
Software Developer**

*Bangalore, India  
Feb 2012 to Dec 2017*

Research and development in Internet of things (IoT)  
using Raspberry Pi

Android mobile application development

Web application and Java back-end development

#### PROJECTS IN JAVA
